### ***Hot off the Press!***

It's official. I have just been signed on to work with UK Medium David Wells.

David is well known from his appearances on UK TV's Most Haunted and Mostly Murder (currently airing on Foxtel's Arena Channel).

He is coming to Australia from the UK in September, then again in May 2009. The show will kick off with me demonstrating my Psychic Medium abilities, then David will be telling his story. We will be having a Media Launch early September at Fremantle Prison.

## ***Lifting the Veil Book***

I am in the process of compiling a book of all the wonderful messages Spirit have passed on to loved ones. My idea is that the person who received the a message is either interviewed or that they write a detailed account of their message, what was said to them and what it meant to them. I also want a photo of the person in Spirit who communicated so we can include it in the book. I thought this would be a wonderful way to pay tribute to your loved ones who have communicated to you through me. I also think the book will give hope to people out there who are currently going through their own grieving process and let them know their loved ones are still able to get messages through even though they are no longer physically here.

So, anyone out there with any contributions – send me an email with your contact details so I can get in touch. Ta very much. X

## ***Questions and Answers***

I would like to create an interaction between you and me in the newsletters by creating a Q & A's section. So, please send me your questions and I will respond to them in upcoming newsletters. The questions you ask will also give me a good indication of exercises to incorporate into my workshops etc. So, lets get this ball rolling.
